NATNEUROCON 2019

Chhattisgarh, the hub of scientific activity in central India, has always taken lead in molding the scientific knowledge amongst the Pediatric fraternity. Pediatric Associations of Chhattisgarh is always in front to keep the flag of knowledge high in horizon and same trend is going to be continued this year as well.

The forth coming event “Natneurocon” is a National event of General Pediatricians and Neurologists of zone. We are committed to discuss various recent developments, current protocols and researches during the two days of event. The eminent faculties from national and international arena are participating in this event and will share their quality knowledge. The scientific activities have been structured by the best brain of Chhattisgarh and going to be executed in best of the capacity to delegates. We assure that participants will enjoy the event and will be benefitted by the knowledge & experience of the top most Neurologists of the country.

Thanks from all of us

The Organizing committee
